# Meet Cirion

The leading digital infrastructure and technological partner of choice with the experience, flexibility and innovation required for success in Latin America

PACIFIC TELECOMMUNICATIONS COUNCIL

PTC'23

@PTCouncil #PTC23

We connect business challenges with technological solutions.

cirion

Our company's evolution

Corporate Milestones

1990
Foundation of Impsat, a telecom carrier in LATAM

2000
Impsat becomes Impsat Fiber Networks

2007
Impsat is acquired by Global Crossing

2011
Global Crossing is acquired by Level 3

2017
Level 3 is acquired by CenturyLink. In 2020, CenturyLink becomes Lumen.

2022
Stonepeak acquires Lumen's business in LATAM

Operational Milestones

1990
Throughout 1998, we expanded our operations from Argentina to Colombia (1991), in Venezuela (1992), Ecuador (1994), Brazil (1998), Peru (2001), and others.

2000
Our regional fiber network was deployed and began providing Data Center Services and managed services to complement our new fiber connectivity offer.

2008
We leveraged our global presence to sell to international customers with a presence in LATAM, and to support the global expansion of companies in Latin America.

2012
Expanded solutions portfolio with CDN and DDoS mitigation, leveraging Level 3's offering.

2017
Expanded solutions portfolio leveraging CenturyLink's cloud offering.

2019
Launch of corporate business in Mexico, taking advantage of a new competitive environment

2021 / 2022
Google Cloud reseller services were added; construction of the new Data Center in Santiago de Chile and expansions in other areas to host AWS were approved.
